

**MID-CAROLINA ELECTRIC COOPERATIVE, INC.
LEXINGTON, SC**

**SCHEDULE P
PAY AS YOU GO RIDER**

Availability

This rider is available in conjunction with the Cooperative's Rate Schedule D and is limited to single phase, 120/240 Volt service metered by a Form 2s, Class 200 meter or 120/208 Volt service metered by a Form 12sx, 12x or 12s Class 200 meter. The Pay As You Go Rider is not available concurrently with the Net Metering Rider.

Rate

The applicable rate per billing period shall be from the appropriate rate schedule as referenced in the Availability section above. This rider calculates and bills usage on a daily basis. The daily bill shall be determined as follows:

1. The Account Charge shall be determined and billed as set forth in the applicable rate schedule as described in the Availability section above.
2. Energy charges shall be based on the rates in the applicable rate schedules as described in the availability section above.
3. The daily On-Peak Charge shall be calculated based on the On-Peak kW demand set from the previous month. The On-Peak charge will be collected on a daily basis over the next month as follows:

$$\text{Daily On-Peak Charge} = (\text{Rate D On-Peak Charge}/30 \text{ days}) \times (\text{Previous Period On-Peak kW})$$

In the event this rider is applied to a new service the Previous Period On-Peak kW will be established from the annual average demand of the location service type.

Minimum Charge

The minimum charge per billing cycle under this schedule for single phase service shall be the Account Charge.

Effective Date

The rider becomes effective for those accounts that qualify and are billed on, or after January 1, 2019, and is subject to be modified or discontinued by the Cooperative, at its sole discretion, at any time.
